“ Charlie was my oldest brother and I loved him dearly. I am so glad that I was able to talk to him by phone over the years and wished that I could have visited.He gave me the nick name Blue, and that's what he called me all my life. When he worked at the Post Office anytime there was a shoe sale he would see me coming inside and he would say to me, "how much do you need Blue". I had the chance to stay with him and finish high school and he taught me a lot. Missy (Virginia) was a baby then with a head full of curly hair and I loved babysitting her. Charlie always thanked me with a hello kiss,but not before he kissed Missy. He loved to bake cakes and loved being with the VFW. His greatest love was for his children. i had the privilege of being with my nieces and nephew when they were younger and my heart ache's for them now in the lost of their father, my brother and the only father that I knew. My heart is broken that he is gone, but he has left me many great memories.I am just sorry I can't be there for his children like he was always there for me. RIP big brother, I love you and you will never be forgotten.

“ We're so sorry to hear the news. I loved Charlie! He was the first or one of the first VFW persons I met here in Loudon, TN. From the start, he impressed me with his knowledge, friendliness, and integrity. Everytime I had a question or wanted to know something, I asked Charlie. I listened when he talked, and I'm glad I did. To this day, I talk about Charlie, and I'm not the only one. May our Creator take care of him. Ralph and Michele Pubillones, Loudon, TN.

“ Charlie was my brother to whom I looked up to .He always thought of me as a little lady I recall one time when he had came home on leave from the Army and I had a record about a little cripple boy whom other children made fun of and finely God took him home to be

with Him , I played that record till I wore it out and I think looking back on it I think I wore out my big brother as well. Charlie always liked Glenn Miller and Tommy Dorsey along with all the big bands from those days some of my favorite times was having talks with him that I always looked forward to and their were times that I didn't always like what his advice was but it was always very good advice and I took it well I loved my big brother and had many talks with over the years some about us, some about God and His son. I will always Cherish them and look forward to remembering those times we spent together My prayers will be with the family(Draw near to God and He will draw near to you)....Brenda Tollett
