“ Today is your birthday and I miss you just as much today as I did when you left us 6 years ago. So much has happened since you went away. Your girls are the most beautiful, amazing young ladies I have the pleasure of being an aunt to. We don't spend the time together that we should but they are so beautiful and doing well. I know you are watching over them and you should be proud. You became a grandpa to the most beautiful little girl ever. She has such a personality. Jordan is an awesome mom to her. Freya is just a beautiful ray of sunshine. I wish you were here. I miss you so much. I wish I could say life was good for me, but I am a mess and just don't know how to get through every day. I love you so much and I thank the universe every day for giving me the two most amazing brothers a girl could ever ask for. My boys are doing good, Zachary misses you a lot. He talks about you often. He wants to make you proud. He is getting really involved in music and working with local talent and trying to get his foot in the door in the music industry. He is determined and dedicated. Daniel is doing great as well. We all love and miss you so much. I hope you are celebrating your birthday with Freddie and all of our friends that have left this earth. I love you Jimmie, Happy Birthday

“ It's hard to believe just a few days ago it was one year since you left us. I still miss you as much today as I did a year ago. You were an amazing brother and friend and I wish I could tell you so much that has happened. I know you are watching over us and I know you would be proud of me, I may have stumbled but I am still holding strong to my promise to you. Thank you for never turning your back on me and for being my brother. I was blessed to have the two best brothers and the best sister in this world. I love you and miss you so much, give Freddie, Dan, Mark and Daddy all hugs from me! Until I see you again! I love you Jimmie!

“ I was saddened at the death of another of 'our boys'. I first met this little freckled face kid with a little speech problem in 5-year kindergarten. The family had just moved to Douglasville and Jimmie was in my kindergarten class. The family became members at Prays Mill and the 'Bartlam-Griffin' kids and the Singleton bunch became good friends. If I were in charge of the world, things would surely have turned out differently...but I'm not. We have to trust that God is in control and that someday will understand it all. I love you, dear family. My love especially goes out to a dear friend, Linda.

“ I have tried to find the right words to say in the passing of my brother, but everytime I think it's just right it comes out wrong.....there really are no words to say.....I miss him dearly and I am sad for our entire family that we lost another life so young but I know Freddie was standing at the gates of Heaven waiting to welcome our brother home. Thank you all for your words of comfort and prayers. I love my brother so very much and I will miss him everyday. He and Freddie both hold a very special place in my heart and I will keep the memories close to me always. I love you Jimmie.....until we

meet again!
