“ I learned of Robert's death only today. I am in shock. Robert and I worked at Mack Trucks for many years together. As my Union Rep, he was one that I could always get a straight forward answer from if I had questions/concerns. It didn't matter if they were comfortable or uncomfortable answers, Robert always was honest with me. It has been years since I have seen him but my memories are very fond ones. I am truly sorry for your loss. I pray God will comfort you in this time and will give you strength to get thru the days ahead. I never met his family (outside of Berry) but I heard many stories of fishing and hunting trips, his family was his world. You all are in my prayers.

“ Being the youngest of five children and the only boy, Kerry and Berry kept me from having to wear dresses. I always appreciated the hand me down jeans, flannel shirts and coats I received when Uncle JB, Aunt Marlene, Berry and Kerry came down to visit. Even though as most of us got in our share of mischief and we got in our share of it with Kerry we loved our cousins. We looked at The Ropers as the "Leave it to Beaver Family" like they were bigger than life because the way they always made us feel when they came to visit (Morehead City, NC). I looked at Kerry as a cross between the Waltons and the Dukes of Hazzards. He and Berry both always stood up for what they believed in and you always knew where you stood with them. I

remember a friend of Uncle JB's that spoke at his funeral about a little boy staring at Uncle JB's airplane and he noticed him staring and asked him if he wanted a ride and he took him, That is the "Roper" Family. Aunt Marlene Could have written the book "It takes A Village because my Grandma Daisy still lives on thru her today. I know today that if I ever needed any of them they would have been there. Kerry (or as Grandma "Daisy" would say "Buddy" and as my Fellow Soldiers say at Memorials \_God Bless You and I will see you on the High Ground.
